1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Continuation of 4(e) Other: Please amend the claim set with the following guidelines (Note: Due to the previously amended claim sets have not been entered, please start amending the claim set using the claims submitted on 4/24/06):

1. If deleting a claim limitation either cross out (i.e. put a line thru) the claim limitations and/or put in parenthesis [].
2. If adding a claim limitation, please underline the added claim limitation (bolding by itself is difficult to see, so please also underline claim limitations that are added).
3. The claim numbering must be maintained (claim 3 can not be claim 8). For Example, claim 3 can be modified as "Claim 3 (Currently Amended) A machine according to claim 2, in which a part of the ratios mechanical induction allows the realization of a positioning of the paddle part is defined in function with the compressive parts, and in which the mechanical induction part allows the control of the orientation of the paddle part is defined in function with the [g]Geometric figure."
4. Please remove (previously claim 2...). The claim history must be maintained. Once the claims are amended by underlining and/or crossing out, after the Claim number should be labeled as "(Currently Amended)".
5. New is placed after "new" claims. In the claim set filed 4/24/06, the only claim numbers that are allowed the designation of "New" is claims starting with 41 and above.
6. Once a claim is canceled, the number is no longer used during prosecution. -- Fees are based on the number of pending claims, so you can cancel claims 1-3, and write new claims 41-43, which for fee purposes has the same number of claims. If you cancel claim 1 and write a new claim 41, the claims that depended from claim 1 should be amended to depend from claim 41. Renumbering or switching the order of claims is not permitted in amendments (i.e. Previously claim 8 is not permitted during prosecution). (Note: When a case is in a condition for allowance the Patent Office will correctly order the claim set.) Note: If you remove claims, they must maintain a status of cancel, as well as, they must continue to be listed in the claim set. For example, in your current claim set, claims 36-40 are not listed, but they were already previously presented. In this case, claims 36-40 should be listed as "Claims 36-40 (Cancelled)".
